Lanier M. Cansler, Secretary

June 4, 2010

Dear Provider,

The attached items are being distributed statewide to Offices and Agencies asking citizens to report Medicaid fraud and abuse. DHHS Secretary Lanier Cansler is asking your office to print the attached PDF poster and letter and post them in a prominent location in your office. This message is an important one because fraud, waste and abuse deplete valuable Medicaid resources for those who are truly in need of services. Help us to preserve needed services for those who truly need them.

Thank You,

DHHS Secretary Lanier Cansler
